What is the Navigator Program?

The Navigator program is built to partner you with a mentor to assist in navigating you through your role and responsibilities, and educate you on the benefits U.S. Venture/U.S. AutoForce has to offer. Your Navigator is here to listen and provide you with honest and constructive feedback to help set you up for success. We understand that it takes time to learn your role and all that U.S. Venture/U.S. AutoForce offers, so you will spend the next 90-days with your Navigator to build a strong foundation during your introductory period.

What's in store for you and your Navigator:

Navigator Goals & Objectives

- Acclimate New Hire to U.S. Venture Company Culture
- Assisting building Strong Trusting Relationships
- Enhance New Hire's job satisfaction
- Increase Job Knowledge
- Assist in developing emerging talent for future leadership positions

GROWTH & DEVELOPMENT

U.S. Venture's Values

Your Navigator is here to help familiarize you to U.S. Venture's four differentiating values, which is what we use as a foundation to our success:

- **Caring Relationships**- To fosters fun and friendships. Represent the company in a positive manner. Listens and communicates appropriately and effectively. Collaborate with and positively contributes to the team. Displays positive, professional behavior. Develop caring and professional relationships to ensure external and internal customer needs are met. Show compassion and respect for others.

- **Entrepreneurial Spirit-** Understand how your role supports the vision and strategy of the organization. Be aware of trends and information affecting the organization. Support and participate in process improvement activities. Adjust to new methods and procedures. Be a change-maker who identifies potential problems and develops and implements solutions.

- **Strategic Foresight-** Broaden your perceptive on the big picture of the company, policies, and procedures. Visualize the future and contribute with a proactive approach.

- **High Performance-** Demonstrate initiative and ownership of work. Deliver high quality, accurate work. Your work is consistent, timely, thorough, and complete. Follow established policies and procedures. Work safely in all activities.
